Everlaw Product Certification

Our beta **Everlaw Product Certification Program** is a role-based, modular learning program for you to master the platform in your own time. Each learning guide can be completed in under an hour, allowing you to apply your skills and scale your team's impact as you go. Through the program, you'll be able to:

Customize your learning. Tackle learning guides piece by piece to build your certification over time, or follow a tailored learning path. Each guide includes text, videos, and practice exercises to develop and leverage expertise on key workflows and best practices.

Demonstrate your expertise. Utilize checkpoints and guidance from Everlaw's Product Team to ensure you're mastering the platform. For comprehensive certifications, you'll cap your certification with a practicum to showcase your skills.

Continue your education. Stay on top of Everlaw's fast-paced product development with regular maintenance exams that certify your continued product mastery.
